

FINCA KILIMANJARO

EL SALVADOR

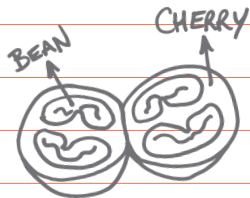

TASTY TEA!

TASTE: Bright, herbal, tea-like flavours of hibiscus, citrus, rosehip & tamarind

ORIGIN: Santa Ana

PRODUCER: Aida Batlle

ONE MORE THING: Long before anyone had the idea to roast the seeds of the coffeea rubiaceae plant that was growing wild in Ethiopia to make a beverage called coffee, people were making a flavourful tea with “cascara”, the dried skins of the fruit. This cascara comes from progressive farmer Aida Batlle, known for her high quality standards & constant innovation. Enjoy sustainable drinking with this unique coffee fruit tea!
