ONE MORE THING: David's entrepreneurial spirit, creative problem solving & deep commitment to community have made Huye Mountain one of the best origin projects we've ever participated in. If you watched 'A Film About Coffee', you'd have seen David's a pretty humble, kind guy & his projects reflect this; donations of cows to producers & insurance for producers in need via a partially-farmer-funded savings & loan account. Due to the respect he's earned, the prices he can offer through our partnership & his stringent quality requirements it's now a badge of honour to be known as a Huye Mountain coffee producer. Celebrate this latest harvest with us!

BUYERS NOTE: This is one of the day lot selections from the current harvest. We cup through many, many day lots to select our coffee from the incomparable Huye Mountain washing stations each year, and sometimes we find a single day lot that is so exceptional; like all the stars, the sun, the winds and the moon aligned on that day or something, so we keep it separate to share the magic with you.
