

# RESERVOIR

VIBRANT

**TASTE:** Ripe stone fruits, vibrant acidity & structured finish.

**CURRENT ORIGINS\*:** El Conquistador COSTA RICA, Kirinyaga KENYA, Mutovu Cooperative RWANDA.

\*We update with fresh coffee harvests, always blending to the desired taste profile.

## **SPOTLIGHT ON: Mutovu Cooperative, RWANDA**

We got in on the ground floor & partnered with these guys when they merged as coffee producers in 2012. They've gone from 9 to 11 members, grown some banging coffee & made great reinvestments like purchasing neighbouring land to dry more delicious coffee in the sun for longer periods, to even further raise coffee quality. It's a success story we're stoked to be part of. Mutovu puts the special stonefruit notes into Reservoir.

**ONE MORE THING:** This well-structured blend has been the pride of our café on Reservoir Street Surry Hills since 2003, where many a 'spro has gone down.
