

DUMERSONO

ETHIOPIA

GO WASHED

TASTE: Sweet lime aroma, lemongrass, green apple & toffee

VARIETY: Heirloom

PROCESS: Washed

ORIGIN: Gedeo Zone, Yirgacheffe

PRODUCER: Dumerso Cooperative

ALTITUDE: 1800-2200m

ONE MORE THING: From the great heights of central southern Ethiopia comes this Dumerso Washed cup. Its sweetness is a result of the coffee being grown at extremely high altitudes, which slows the ripening process & as a result, increases the sugar content & nutrients sent to the coffee cherries! Taste both Dumerso beauties, washed & natural to see which one gets your taste buds tingling.
