REGION SPOTLIGHT ON:

Guji, ETHIOPIA

The wild berry & deep chocolate notes you
can taste in this enigmatic blend are thanks
to this Ethiopian natural. Grown in the
highlands of Oromia in the southern region
of the country, this coffee is initially
sorted by density following harvest.
The full cherries are then allowed to dry
in the full sun on raised drying beds.
We're full into the balance this natural-
process brings to our Paradox blend.

ROBUR/MYTHOS:

21g in / 39g out / 30 sec

This recipe is a great starting point, but as you know there's rarely a one size fits all solution to coffee! Feel free to adjust as required.
