the desired taste profile.

## REGION SPOTLIGHT ON:

### Huehuetenango, GUATEMALA

There's considerable (well justified)  
buzz surrounding this region of Guatemala.  
Widely considered the most famous coffee  
growing region in the country, the combo  
of super high altitudes, cool days & colder  
nights means the coffee's ripening is  
sloooowed. Right. Down. This translates  
into a noticeably sweeter cup that we  
think's the bee's knees.

**ROBUR/MYTHOS:**

21g in / 41g out / 30 sec

This recipe is a great starting point, but as you know there's rarely a one size fits all solution to coffee! Feel free to adjust as required.
