ONE MORE THING: On the fertile eastern slopes of the Aberdare mountain range in Kenya, James Mugumo Munyiri is one of a growing number of family farmers choosing to make coffee a more sustainable business by processing their coffee, pulping, washing & drying on their own - while they have always endeavoured to maintain a high standard of farming & processing other products on their 25 acre farm including dairy, macadamia nut & avocado, bringing the coffee processing in house allows them to have better control of the quality outcome & a better share of the profits.
