**ONE MORE THING:** The goods keep on comin' with our third Honduras small lot feature. It's produced by Fredy Hernández who, although having farmed coffee for some time, has only recently had specialty market access. The Quebrada Honda has retained diverse plantings, including cedar, avocado, peach & mango trees, while slowly increasing quality coffee cultivation. Via a new Single O 'Shareback' project, we're happy to have supported the building of five drying patios, including one at Quebrada Honda. Stay tuned for more!
