**ONE MORE THING:** This isn't a declaration to stop shipping from afar. Give us our Central America & Africa coffees if it means we have to swim to them. Regionally though, new quality initiatives are giving rise to more diverse & delicious cup profiles. Sumatra's singing, PNG is next level & this Byron Bay number is the best Aussie lot we've tasted in years. Stone's Throw is also bringing it home on our sustainability front, sporting 50% less transport emissions than a typical blend. Plus for good measure, we've offset emissions from farm to your door.
