ONE MORE THING: Great things come in threes: this is the third Ethiopia Natural that we've featured in recent months. This one comes from the Dumerso washing station, where over 800 small holder coffee growers deliver their cherry to be hand-sorted and floated, ensuring only the very best and heaviest cherries are selected for this Grade 1 lot. Tasting notes of raisin, candied cherries and baked apples make this coffee particularly charming. After just one taste, you'll be coming back for seconds and thirds.
