Heirloom

PROCESS:

Natural

ORIGIN:

Kercha, Guji

PRODUCER:

Smallholder
Farmers

ALTITUDE:

1900-2100m

ONE MORE THING: In the southern Oromia region of Ethiopia, the Guji Zone is known for its many high-altitude coffee producing areas located within dense old forests, providing cooling shade for slow fruit maturation. This produces, thanks to the forest cover, exceptionally sweet coffee, exemplified by Ethiopia Kercha's flavours of tropical fruit, strawberry & shortbread. It's a coffee that truly has it made in the shade.

ESPRESSO:

21g in/ 53g out/ 26 sec

V60:

15g/ 250g/ 3:00 mins/ 97°
