ONE MORE THING: When a coffee this distinct and memorable comes along, from the Uruga Washing Station renowned for producing exceptional washed and natural coffees, you go and grab both processes. At least that's what we've done this year. We're raring to share this vibrant, high scoring washed lot with you, handpicked by smallholder growers at peak ripeness and processed at specialised wet mills just 12kms away from the growing region. Enjoy. And seek out the natty one too!
